How the King of Beers collapsed without a fight and what it means for America's place in the post-Recession world How did InBev, a Belgian company controlled by Brazilians, take over one of America's most beloved brands with scarcely a whimper of opposition? Chalk it up to perfect timing—and some unexpected help from powerful members of the Busch dynasty, the very family that had run the company for more than a century. In *Dethroning the King*, Julie MacIntosh, the award-winning financial journalist who led coverage of the takeover for the Financial Times, details how the drama that unfolded at Anheuser-Busch in 2008 went largely unreported as the world tumbled into a global economic crisis second only to the Great Depression. Today, as the dust settles, questions are being asked about how the "King of Beers" was so easily captured by a foreign corporation, and whether the company's fall mirrors America's dwindling financial and political dominance as a nation. Discusses how the takeover of Anheuser-Busch will be seen as a defining moment in U.S. business history

Reveals the critical missteps taken by the Busch family and the Anheuser-Busch board
Argues that Anheuser-Busch had a chance to save itself from InBev's clutches, but infighting and dysfunctionality behind the scenes forced it to capitulate From America's heartland to the European continent to Brazil, Dethroning the King is the ultimate corporate caper and a fascinating case study that's both wide reaching and profound.

“ Bitter Brew deftly chronicles the contentious succession of kings in a uniquely American dynasty. You ’ ll never crack open a six again without thinking of this book. ” —John Sayles, Director of Eight Men Out and author of A Moment in the Sun The creators of Budweiser and Michelob beers, the Anheuser-Busch company is one of the wealthiest, most colorful and enduring family dynasties in the history of American commerce. In Bitter Brew, critically acclaimed journalist William Knoedelseder tells the riveting, often scandalous saga of the rise and fall of the dysfunctional Busch family—an epic tale of prosperity, profligacy, hubris, and the dark consequences of success that spans three centuries, from the open salvos of the Civil War to the present day.

Uncovers the opportunism, unbridled power, family conflict, and sex scandals hidden behind the red, white, and blue logo of the Anheuser-Busch family dynasty

Goose Island opened as a family-owned Chicago brewpub in the late 1980s, and it soon became one of the most inventive breweries in the world. In the golden age of light, bland and cheap beers, John Hall and his son Greg brought European flavors to America. With distribution in two dozen states, two brewpubs and status as one of the 20 biggest breweries in the United States, Goose Island became an American success story and was a champion of craft beer. Then, on March 28, 2011, the Halls sold the brewery to Anheuser-Busch InBev, maker of Budweiser, the least craft-like beer imaginable. The sale forced the industry to reckon with craft beer's mainstream appeal and a popularity few envisioned. Josh Noel broke the news of the sale in the Chicago Tribune, and he covered the resulting backlash from Chicagoans and beer fanatics across the country as the discussion escalated into an intellectual craft beer war. Anheuser-Busch has since bought nine other craft breweries, and from among the outcry rises a question that Noel addresses through personal anecdotes from industry leaders: how should a brewery grow?

Master the art of flipping with KIRSTEN KEMP, host of the hit TV show Property Ladder! "This book establishes a new standard for real estate authors. Kemp gives her readers delightfully written prose packed with her wealth of experiences. She lays out so many profit-generating (and loss-avoiding) ideas that while reading the manuscript my highlighter never got a rest." —Gary Eldred, Trump University Professor of Real Estate, coauthor of the bestseller Investing in Real Estate Real estate isn't just for the rich! The key to financial success isn't a secret, it's Flipping Confidential.

“ My friend – and now partner – Jorge Paulo and his team are among the best businessmen in the world. He is a fantastic person and his story should be an inspiration to everybody, as it is for me. ” – Warren Buffett In just over forty years, Jorge Paulo Lemann, Marcel Telles and Beto Sicupira built the biggest empire in the history of Brazilian capitalism and launched themselves onto the world stage in an unprecedented way. Over the past five years, they have acquired no fewer than three globally-recognized American brands: Budweiser, Burger King and Heinz. This has been achieved as discreetly as possible and they have shunned any personal publicity. The management method they developed, which has been zealously followed by their employees, is based on meritocracy, simplicity and constant cost cutting. Their culture is as efficient as it is merciless and leaves no room for mediocre performances. On the other hand, those who bring in exceptional results have the chance to become company partners and make a fortune. Dream Big presents a detailed behind-the-scenes portrait of the meteoric rise of these three businessmen, from the founding of Banco Garantia in the 1970s to the present day. In 1971, when the Brazilian stock market was going through an euphoria, Harvard graduate, tennis champion and underwater fishing enthusiast from Rio de Janeiro Jorge Paulo Lemann decided to start a new business. He assembled some partners and put out a newspaper ad: “ Brokerage wanted. ” Days later, Lemann began running what would become the cornerstone of his fortune and those of over 200 other people. Its name was Garantia. The “ Garantia model ” was based on businesses that impressed Lemann, such as Goldman Sachs in finance and Walmart in retail. Its philosophy gave the best workers the opportunity to become shareholders.

Documents the story of maverick pharmaceutical company Vertex and a small team of entrepreneurial scientists who after dissociating themselves from Merck endeavored to create breakthrough medicines and transform the pharmaceutical industry. By the award-winning author of The Billion-Dollar Molecule.

A grand and revelatory portrait of Wall Street ’ s most storied investment bank Wall Street investment banks move trillions of dollars a year, make billions in fees, pay their executives in the tens of millions of dollars. But even among the most powerful firms, Lazard Frères & Co. stood apart. Discretion, secrecy, and subtle strategy were its weapons of choice. For more than a century, the mystique and reputation of the "Great Men" who worked there allowed the firm to garner unimaginable profits, social cachet, and outsized influence in the halls of power. But in the mid-1980s, their titanic egos started getting in the way, and the Great Men of Lazard jeopardized all they had built. William D. Cohan, himself a former high-level Wall Street banker, takes the reader into the mysterious and secretive world of Lazard and presents a compelling portrait of Wall Street through the tumultuous history of this exalted and fascinating company. Cohan deconstructs the explosive feuds between Felix Rohatyn and Steve Rattner, superstar investment bankers and pillars of New York society, and between the man who controlled Lazard, the inscrutable French billionaire Michel David-Weill, and his chosen successor, Bruce Wasserstein. Cohan follows Felix, the consummate adviser, as he reshapes corporate America in the 1970s and 1980s, saves New York City from

Get Free Dethroning The King Hostile Takeover Of Anheuser Busch An American Icon Julie Macintosh

bankruptcy, and positions himself in New York society and in Washington. Felix ' s dreams are dashed after the arrival of Steve, a formidable and ambitious former newspaper reporter. By the mid-1990s, as Lazard neared its 150th anniversary, Steve and Felix were feuding openly. The internal strife caused by their arguments could not be solved by the imperious Michel, whose manipulative tendencies served only to exacerbate the trouble within the firm. Increasingly desperate, Michel took the unprecedented step of relinquishing operational control of Lazard to one of the few Great Men still around, Bruce Wasserstein, then fresh from selling his own M&A boutique, for \$1.4 billion. Bruce ' s take: more than \$600 million. But it turned out Great Man Bruce had snookered Great Man Michel when the Frenchman was at his most vulnerable. The LastTycoons is a tale of vaulting ambitions, whispered advice, worldly mistresses, fabulous art collections, and enormous wealth—a story of high drama in the world of high finance.

Provides advice for beginning and experienced Macintosh users facing a range of hardware and software problems, covering topics including crashes, printers, SCSI devices, memory, viruses, and file sharing.

The Informant is Mark Whitacre, a senior executive with America's most powerful food giant, who put his career and his family's safety at risk to become a confidential government witness. Using Whitacre's secret recordings and a team of agents, the FBI uncovered the corporation's scheme to steal millions of dollars from its own customers. But as the FBI closed in on their target, they suddenly realized that Whitacre wasn't quite playing the game they'd thought ... This is the gripping account of how a corporate golden boy became an FBI mole and went on to double-cross both the authorities and his employers in one of the most extraordinary cases of global corporate corruption of the last thirty years.
